

17th IEEE International Conference on Advanced Video and Signal-based Surveillance
16-19 November, 2021 | Washington D.C., USA

<http://www.avss2021.org/>

Call for Workshops

The IEEE International Conference on Advanced Video and Signal-based Surveillance (AVSS) is the premier forum for the presentation of new advances and research results in the field of video and signal-based surveillance. The goal is to provide a game-changing and cross-disciplinary forum that brings together experts from academia, industry, and government to advance the frontiers of theories, methods, systems, and applications.

Typically, workshops on new and emerging topics/challenges related to video and signal-based surveillance and of interest to the community at large are held in conjunction with AVSS.

Prospective workshop organizers are invited to submit proposals via e-mail to the workshop chairs:

- Emily Hand (University of Nevada, Reno) — emhand@unr.edu
- Benjamin Riggan (University of Nebraska-Lincoln) — briggan2@unl.edu

no later than **May 5, 2021**.

Proposals should include the following:

- Workshop title
- Organizers (name, affiliation, and e-mail)
- Description of workshop topic(s)
- Expected workshop length
- Number of talks, posters, etc.
- Expected attendance
- Paper submission procedure
- Paper review procedure
- Paper review deadlines
- Space/Equipment (if any)

Topics of interest include, but are not limited to, the following:

- Surveillance in Smart Cities
- Biometrics (e.g., facial recognition)
- Human and Vehicle Surveillance
- Geospatial Surveillance
- Real-time or Distributed Systems
- Drone-based Surveillance
- Video Analytics
- Complex Activity Recognition
- Multi-modal Surveillance
- Privacy and Security

Key Dates

Workshop Proposal Submission: **May 5, 2021**
Acceptance Notification: **May 20, 2021**
Workshop: **November 16, 2021**
